Dear Sir or Madam,

At STABILUS, environment and ecology are part of the understanding of product quality. One of the company's principles is to develop environmental compliant products, and to manufacture, market and dispose of them in an environmentally friendly way. Our successful environmental management was already documented in 1997 by certifying according to DIN ISO14001, as well as validation according the EC Eco-Audit regulation (EMAS).

We confirm that according to our level of knowledge our products supplied to you will meet the guidelines 76/769/EEC, 2003/11/EC, 2011/65/EU (ROHS2), 94/62/EC, 2015/863/EU (ROHS3) and EU RoHS 10 Substances amendment Directive (EU) 2015.863 to the specified dates. The guidelines 91/157/EEC and 2002/72/EC are not applicable for our products supplied to you.

The electrical and electronics device guideline 2002/96/EC concerning the return and marking obligation is not applicable for our products supplied to you.

If you need any further information or have any additional questions, we will be pleased to assist you.

Yours sincerely,

STABILUS GMBH
